## EXPERIENCES

---

**Galaxy Property - Surabaya, East Java**

*Software Engineer*

*February 2021 – Present*

- Developing Android and web applications using Flutter and Laravel to manage property consultant data and property listings. This makes it easier to process buying and selling transactions between clients who need property such as houses, apartments, land, and others.
- Implemented features such as report, wishlist, calendar, flyer generator, events, primary project properties, notifications, and more.
- Worked as a full-stack developer handling both the admin panel and API development.

**Pyxis Ultimate Solution - Malang, East Java**

*Internship*

*January 2020 – March 2020*

- Maintained and tested the loyalty management product, Alcor.
- Entered hotel point-of-sales data.
- Developed a Company Profile Website.

**Lumut Student Activity Unit (Art) - Jember, East Java**

*Head of Painting Division*

*November 2017 – December 2020*

- Led the recruitment committee as Chairperson in 2019.
- Oversaw the painting division.
- Developed the official website for the organization.
